

MOW DOWN AIR POLLUTION

Trade-in a gas-powered lawn mower
for *Huge Savings* on a
rechargeable, cordless electric mower.

Neuton Model CE 5 - 14" **\$169***

Neuton Model CE 6 - 19" **\$269***

*These prices reflect *a savings of \$230 off* the regular retail price and are only available with the trade-in of a gas-powered mower. (*Plus Free Shipping*)

Register: April 1 beginning at 6 AM

www.neutonpower.com/YS

Limited quantities; First-come, first-served basis.
Only residents of Yolo and Solano counties are eligible to participate.

For those without internet access call 1-800-463-4958. (Registration *only* takes place on this date)

Qualified residents who successfully register will be given a voucher number and instructions to turn in their gas-powered mower to a participating recycler. (Gas mower must be drained of fluids prior to being accepted). The recycler will provide participants with a code and then each participant arranges payment and delivery of their new mower with one phone call.

**Sponsored by the Yolo-Solano Air Quality Management District, California Air Resources Board,
Bay Area Air Quality Management District, Solano County, and participating recyclers:
Davis Waste Removal, Recology Dixon and Vacaville, Recology Hay Road Landfill, Potrero Hills Landfill,
Recology Vallejo, and Yolo County Central Landfill.**

**For more information on the mower exchange program, contact the Yolo-Solano AQMD
(800) 287-3650 or (530) 757-3650 or visit www.neutonpower.com/YS**
